

FIRE SAFETY

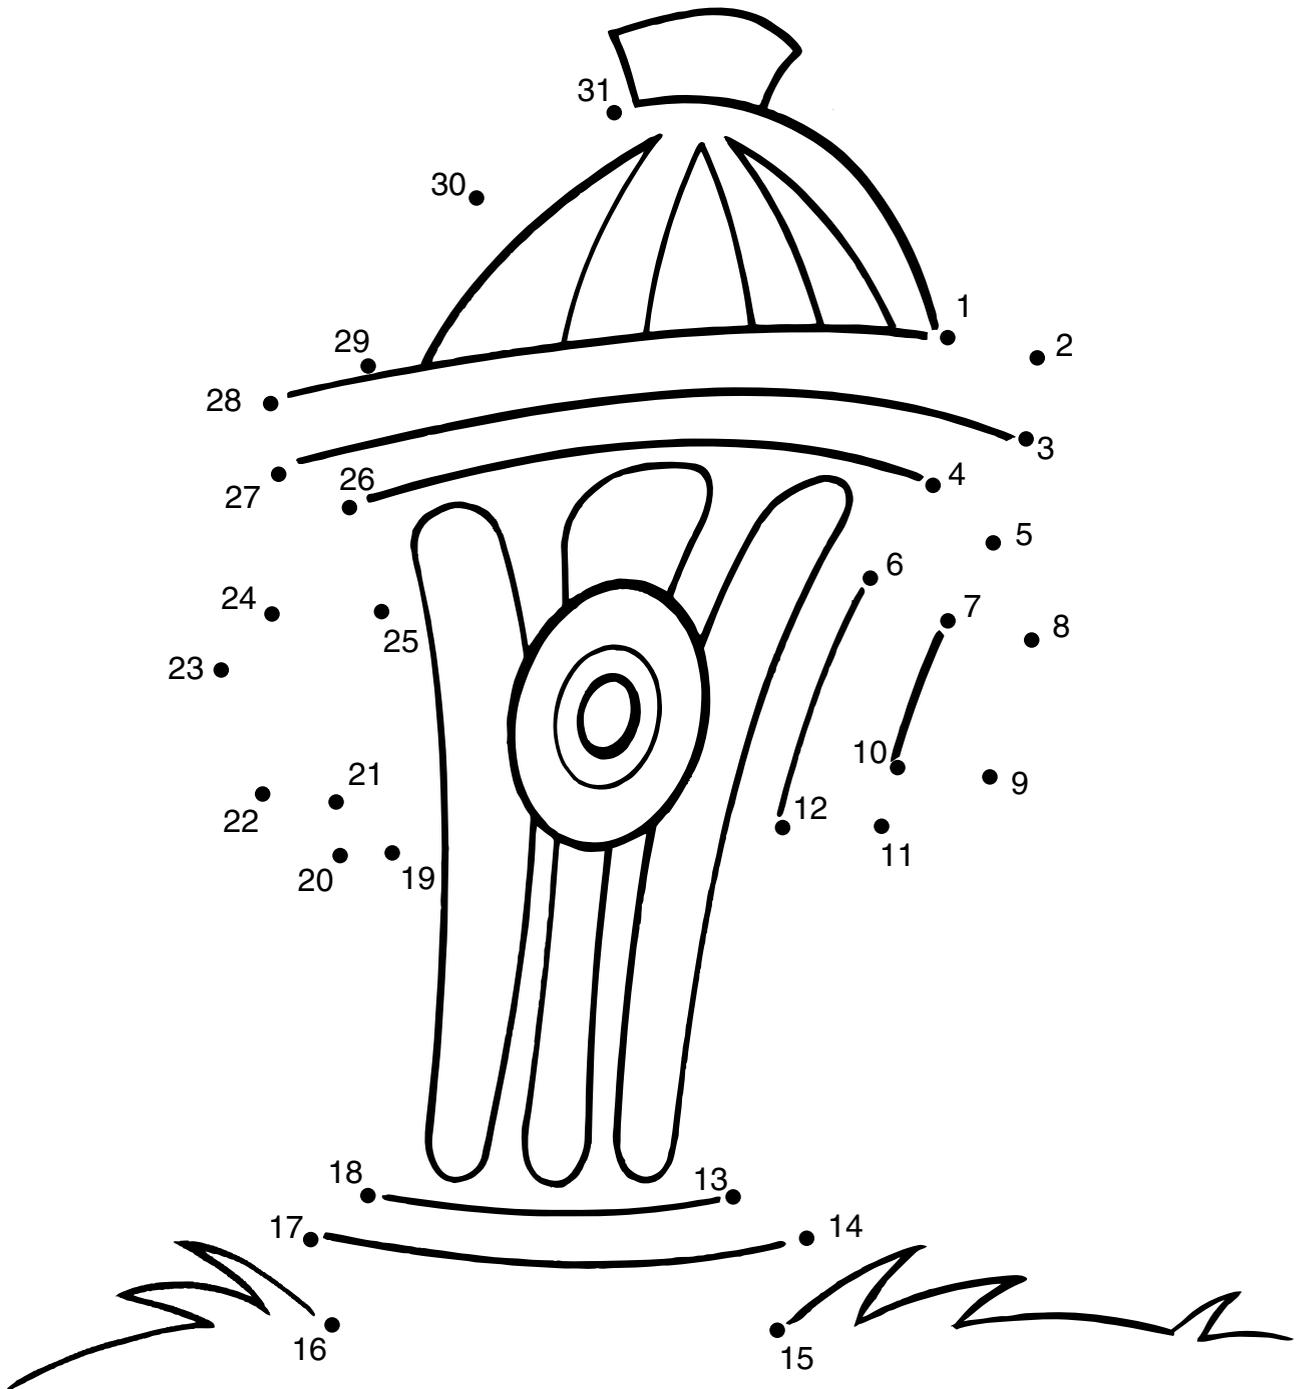

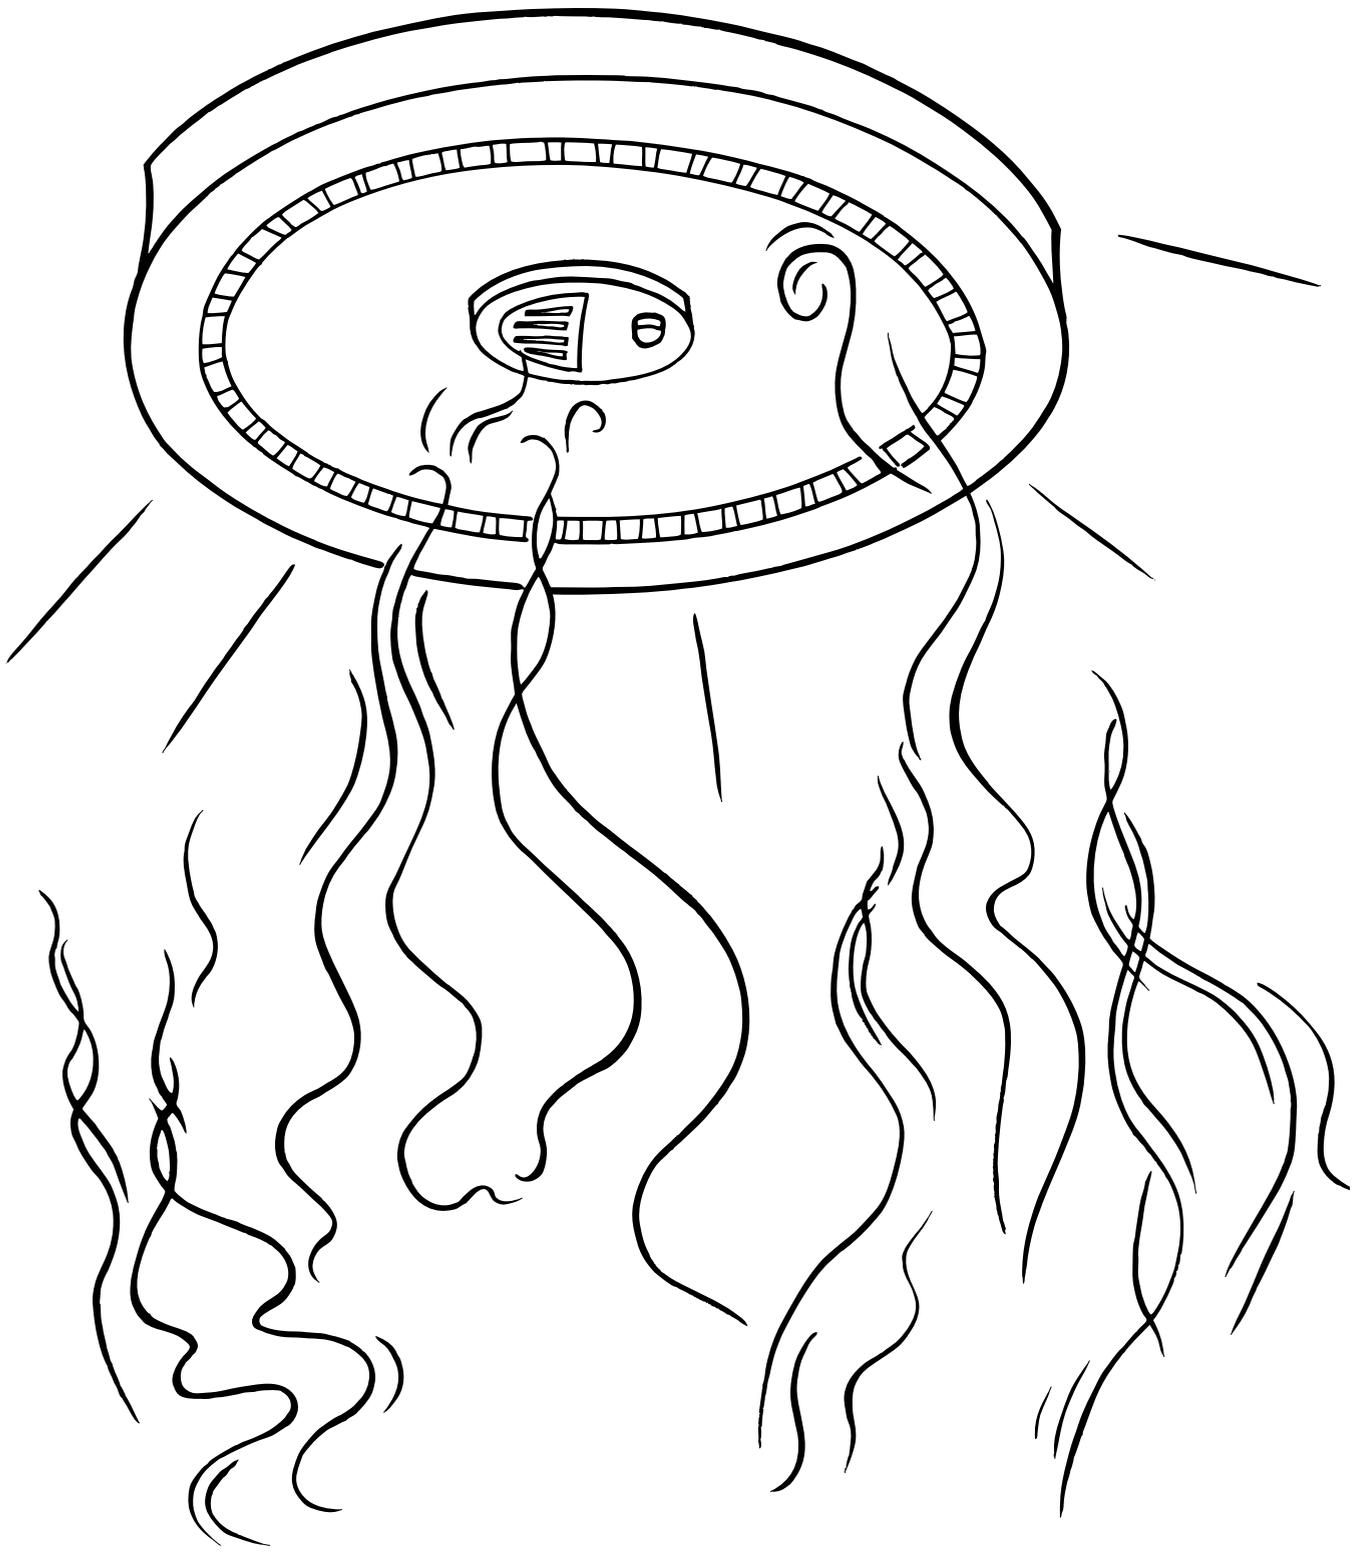

Plan an escape route with your family.
Know how to exit each room.
Arrange for a meeting place outside.
Make sure it is away from the house.

If there is an emergency, call 911.
Always go to a neighbor's house to call.
Do not stay in a building that has caught on fire.
Learn your address.

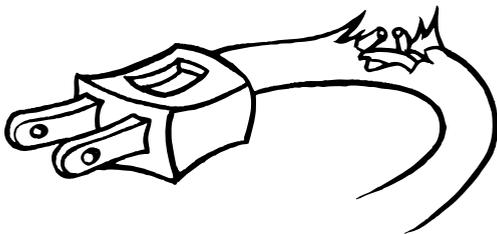

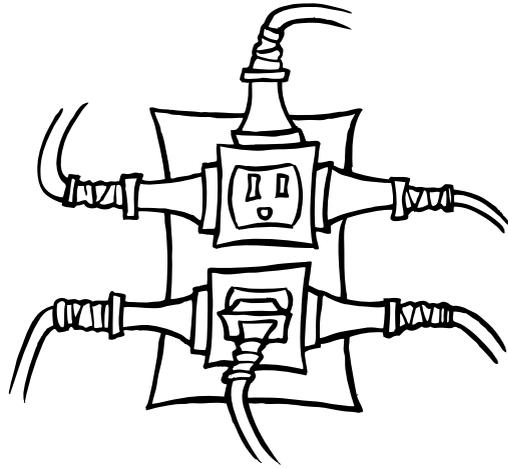

Dot • to • Dot

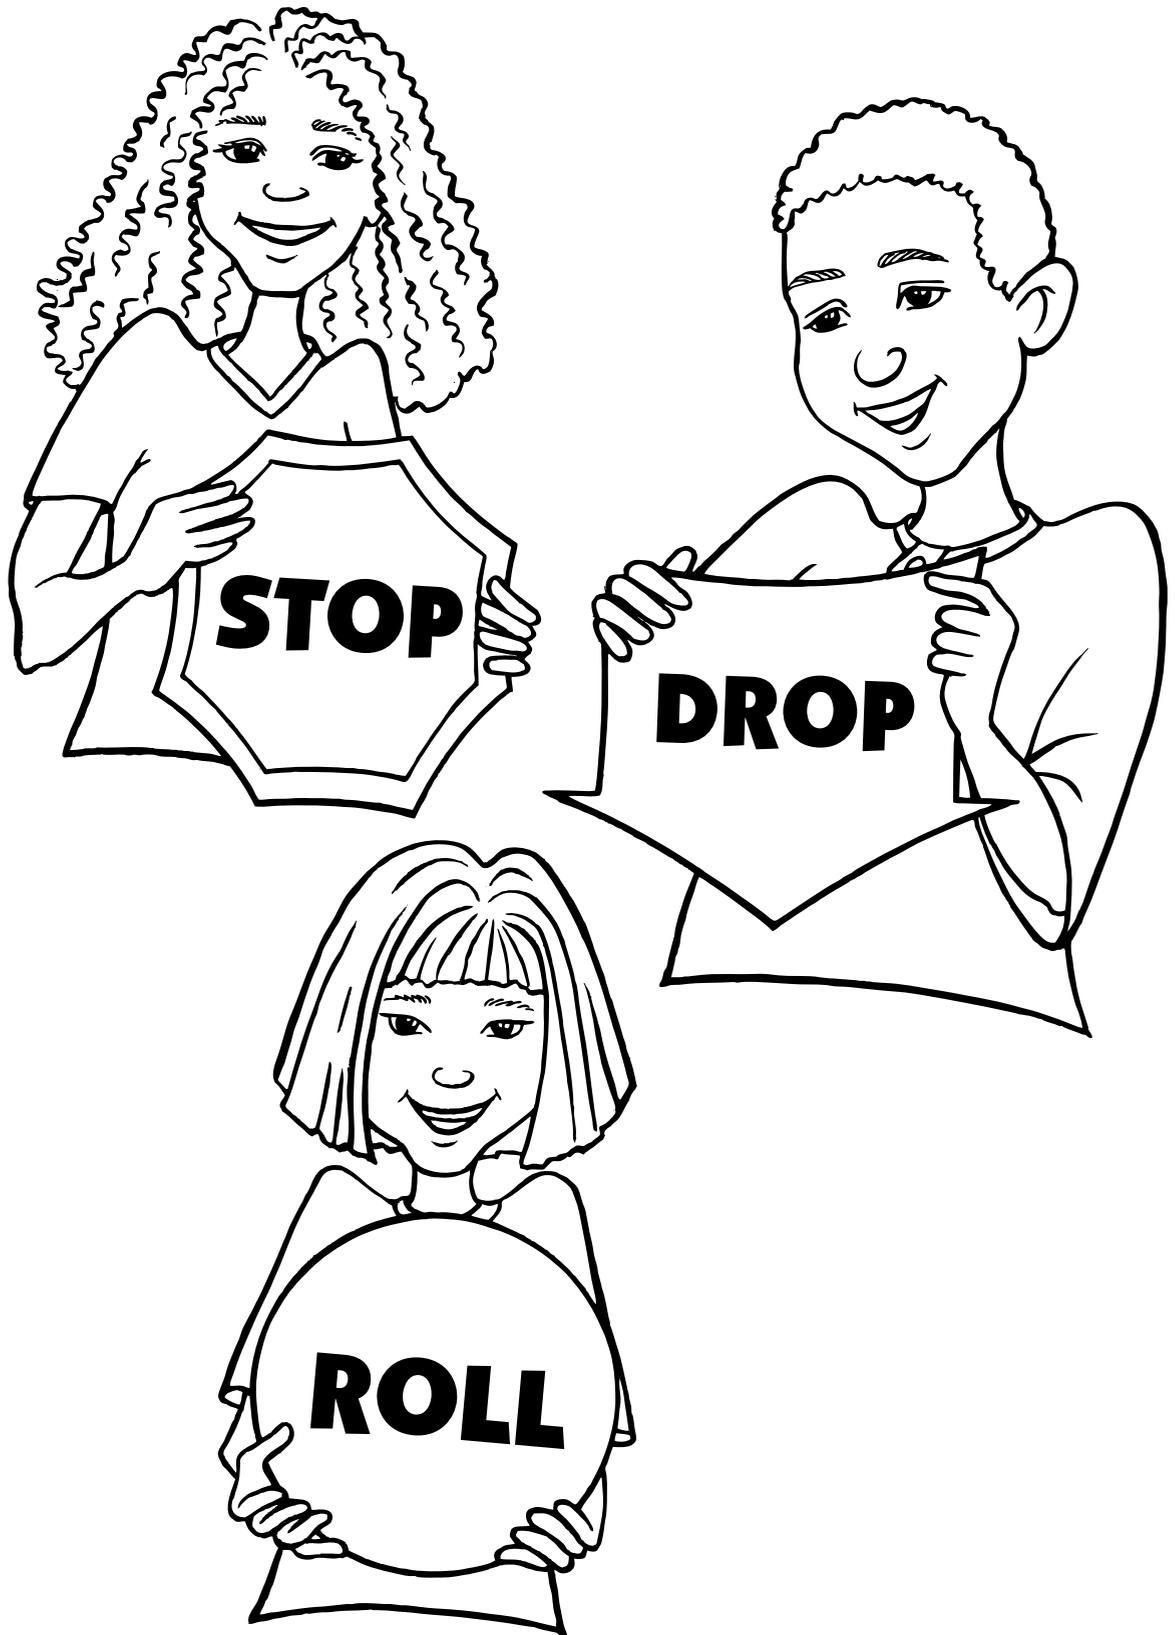

Smoke detectors help save lives.
Make sure there is one on every floor of your house.

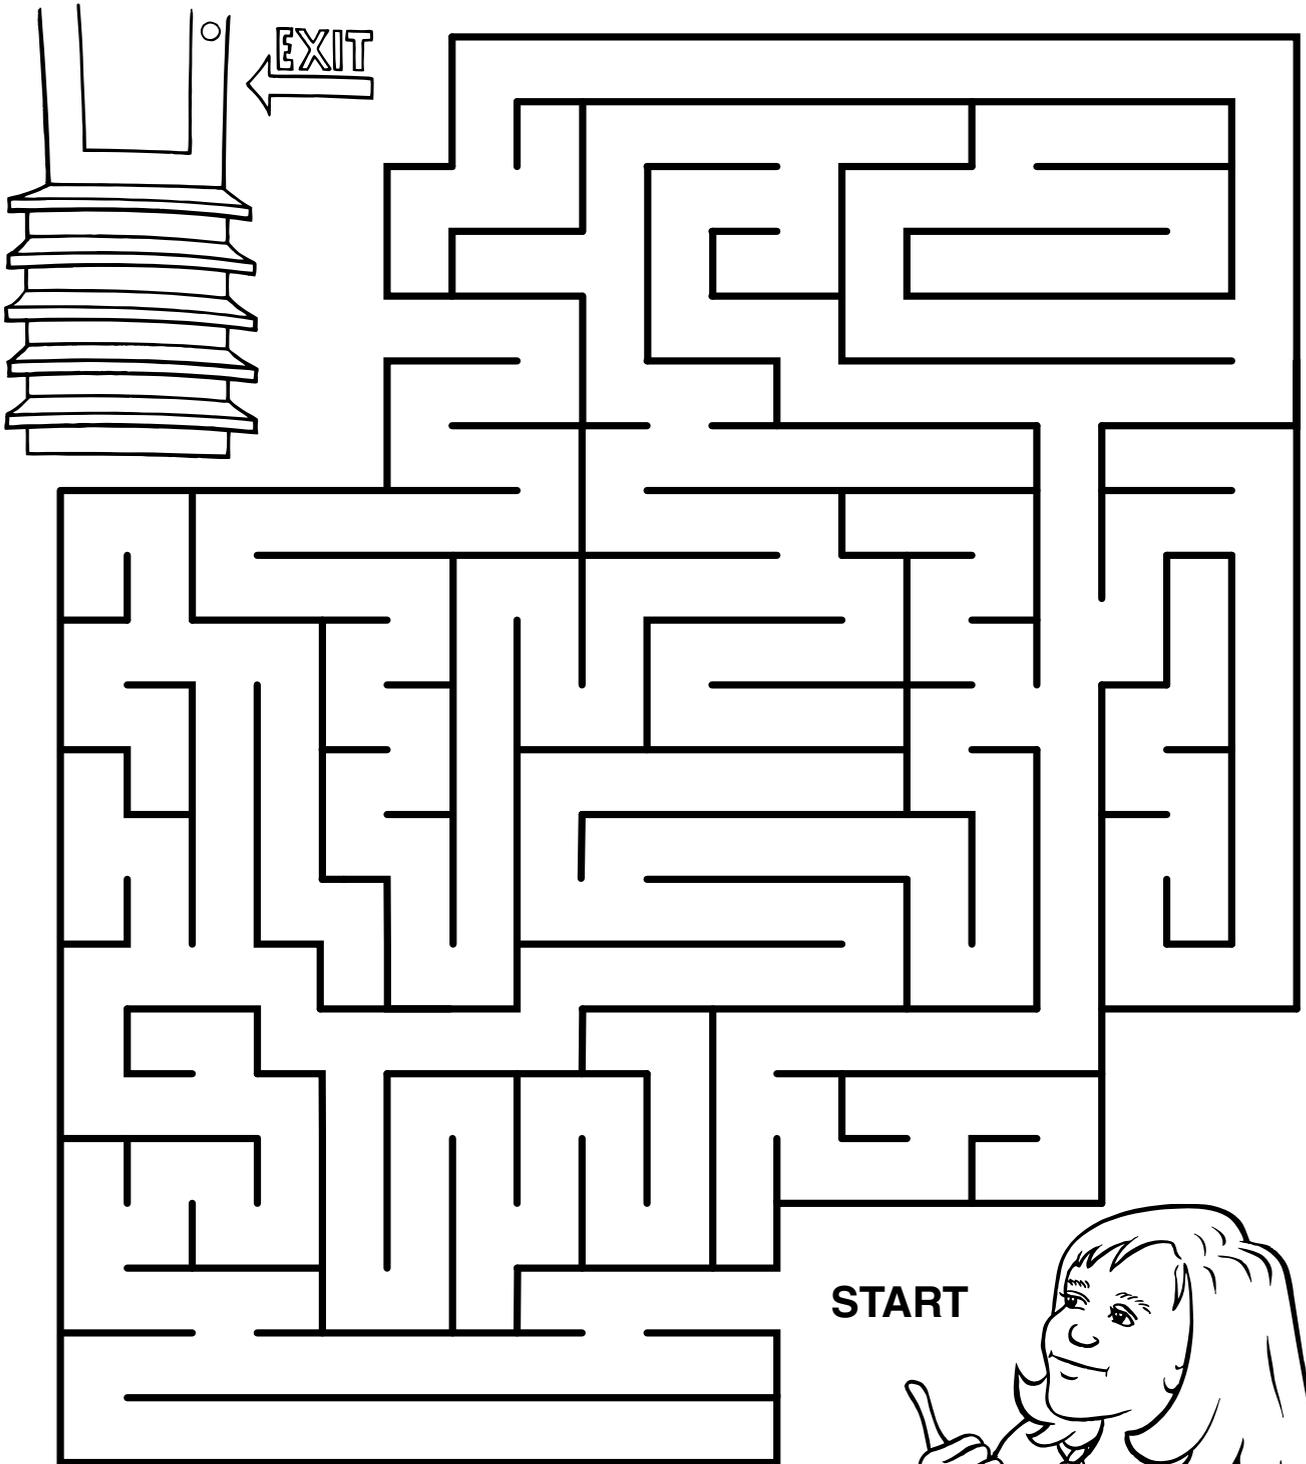

Match the safety tips with the picture.

1. Place a lid on a grease fire.
2. Don't overload plug outlets.
3. Check for frayed electrical cords.
4. Put out your campfire before you leave.
5. Test batteries in smoke detectors monthly.

If your clothing catches fire, never panic and run. Remember to Stop, Drop, and Roll.
Practice rolling on the ground.

Always take the stairway if you are in a burning building.

Never use the elevator.

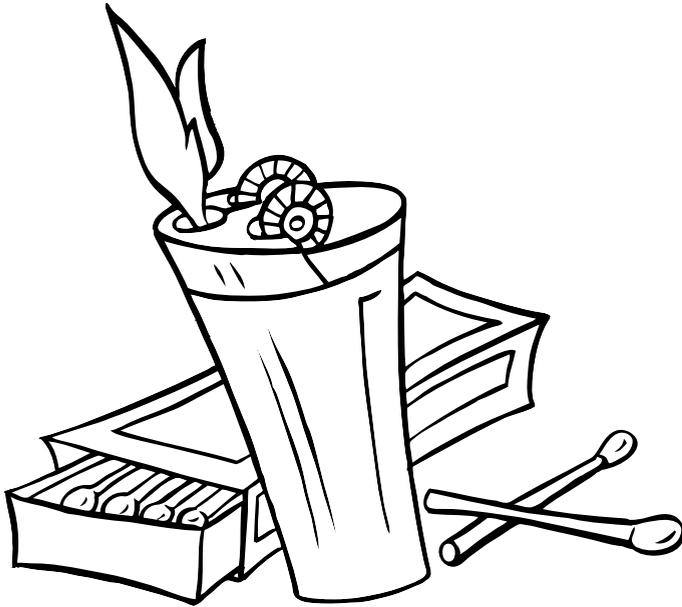

Take the path to the safe exit.

Fire drills are very important.
Follow instructions to the exit. Be orderly and quiet.
